

Fred Hamilton Steering Committee

Attendance: Jill Cuthbertson, Susan Antler, Melana Janzen (notes), Marco Bianchi, Marguerette Isabel
Regrets: Matt Bremer, Scott Childs, Zac Childs, Danielle Bukli

Meeting #5

Thursday, November 03, 2011 6:00PM

1. Review previous meeting's summary

-Oops – no meeting summary from meeting #4 sadly; Mary from park was giving advice and we discussed environment day and timelines we are working toward as I recall.

2. New Funding!

-\$100,000 +/- Section 37 funding is still in place (more could possibly be drawn on); a new amount somewhere between 250,000 and 300,000 is now also earmarked for our area; new funding is through _____ (Marco to fill in).

3. Establish internal timelines / discuss community consultation

-some extra time available to us (Marco to fill in)

-working toward pre-Christmas public meeting (is this realistic); likely at Trinity Bellwoods as that would be free; could also have it at College/Shaw Library, but Layton's office would need to pay for that

-pamphleting will need to take place (by this group – gulp!); normally they would do the houses within 100m of the park

4. Park Maintenance

-it came to light that a couple of the items on our initial priority list will be taken care of by the city

-the washrooms and the stairways are both due for maintenance

-Marco advised that we can provide input on how this should be done

-Melana suggested trying to find a volunteer student to draft for us

-group agreed that with the extra funds we should include George Ben and Roxton Parkette in our plans

-Marco to get list of groups that permit in George Ben along with a plan of the park

5. Set future meeting date

- November 23rd 2011
